Safety & Health Management Committee October 8, 2026

Subject

Safety Incentive Funding Request Update

Action for consideration

Review and approve update to safety incentive funding request

Background

At the previous safety & health management committee meeting a funding request was submitted for surveillance equipment. Following review, it was determined that the request was for expenses incurred and paid in a prior program year, rather than the current program year for which funding was requested.

Under SIPE's Safety Incentive Fund Program guidelines, funding requests must be for eligible expenses incurred during the current program year. Accordingly, the original request is ineligible for reimbursement, and a rescission of the prior approval is being presented to the Committee for consideration.
